

Scholarship Application

Thank you for submitting an application to One New Education to sponsor a young woman for a better education. **Please read the following information carefully** before you fill out the application. Feel free to contact us at the address below if you have any questions.

- Applicant must be between the ages of 5 and 17 (in other words, primary through secondary school. If she is older than 17, she must still be attending secondary school).
- Applicant must be sponsored by someone who has met her and can answer to her need, character and qualifications.
- Applicant *must* have a local contact with which ONE can discuss the applicant's status, additional monetary needs, progress in school, etc. This person can be a friend; someone the sponsor has met who agrees to the task; or the sponsor him or herself. The contact *must* have either a phone or an email for communication, and they must be willing and trustworthy to handle money for the applicant. **No monies will be given directly to the applicant or to any relatives living with the applicant**—all monies will be given to the school directly, or to the contact person to buy supplies, pay for tuition, etc.
- Applicant must be in financial need. That is to say, without this help, she would not be attending school or would be in a school that will not provide a decent education.
- Sponsor must be able to provide an estimate of the family income, including how many people live in the household, how many people are providing for that household.
- Applicant must write a short statement about why she would like to receive this scholarship, and provide a copy of her last grade report.
- An applicant can be sponsored for all of her educational needs (tuition, fees, supplies) or simply for the things she needs to attend school (shoes, supplies, uniform, etc.).
- Applicant and applicant's family should understand that this money is only for educational needs, not for medicine, clothing (outside of school) or any other personal or family expenses. The applicant cannot go to the contact for extra funds for any purpose other than school, and the contact has the responsibility to carefully examine all such requests.
- **Contact person will be expected to provide receipts for monies spent, or at least a written account.**
- Sponsor must write a short statement about the character and need of the applicant, i.e. why are you sponsoring this particular girl? Be sure to include a description of how the funds will be used.
- At the end of the school year, the scholarship recipient must write another letter to ONE, describing something about the year, what she learned, liked, is excited about for next year, etc. These statements do not have to be long, just something to introduce us to the student, and help us know her a little better.
- PLEASE make sure that we have permission to put any photos you take of the applicant up on our website or use them for brochures, etc.

Date: _____

I. Applicant's Personal Information

Name: _____ Date of Birth (including year): _____

Address (if known, please put at least city and country): _____

Year in School: _____

Previous academic performance (please check one): Excellent (100% to 85% average) _____

Good (84% to 75% average) _____ Fair (74% to 65% average) _____

Poor (below 64% average) _____
